Dennis Smith  
Walter Spaulding

Another AIPA national convention has come and gone. The Seybold family of Dunkirk, N.Y. were very nice in having us, and showing us a good time. We are thankful to them. We are thankful to those members who did attend. The attendance was not there in comparison with the previous three or four conventions, but perhaps it was the distances one had to travel to get here. We are now in the market for the 1963 convention site. Where

is it going to be ??? Any offers ??? Lets get started early !!!

Art Friese of White Plains, N.Y. has offered his place for 1964. This will be the year for the World Fair to be held in New York City--- Art lives but a few miles from there, so it would be a wonderful opportunity for you to make a convention and see the World's Fair also.

It has come to our attention that there are some differences of opinion as to the mileage claims of some of our members in the "Records" column. We had hoped this sort of thing would never come up !! It does NOT seem possible that any one member would lie about his distance in receiving a TV station, especially over a few miles. We know that no one in this club would deliberately or intentionally do so.. Further more, who is it that has such accurate and precise measurements to contradict another man's distance from his home to a given station, especially him living in another town, or city ????? Please fellows, lets cut this out. What is there to gain by practically calling another man a liar??? unless it would lower his mileage just enough to put you or his, or her's ahead. A statement like this from Hdqs. is far from what we wanted to do, but it is getting out of hand.....

Welcome new members- Grady Harris- 2913 College Circle, Corsicana, Tex.  
H.W. Robbins, Jr. 801 S. Elam Ave. Greensboro, N.C.  
Louis Horacek-3268 University Ave. Morgantown, W. Va.  
Lloyd Jay Kantor-55 Ehrbar Ave. Mount Vernon, N.Y.  
Silvio Troiano #1 423 Kennedy St. Washington 11, D.C.

RE-NEWALS in -- Ghislain Girard (add Chn) to 247 Belley St. Arvida, Que. Can.  
Gary Olson- renewed for three years.  
Stanley Harper; Clinton Day; Don Ruland (add chn.) to 3426 Taylor Blvd. Louisville, Ky; Wayne Plunkett;  
Rod Luoma; Michael Evangelista; Albert Kopec; Morton Meehan; Ray Foster; Mrs. W.E. Burritt; Clerino Castillo, Jr.  
Bill Grant is a civilian again, address now 16 Goulding St. Worcester, Mass.  
Home for the summer - Ron Hilding-3420 N. 27th Ave in Phoenix 17, Arizona.

TV-DX reports indicate that the mid-west had one of their best years for DX, yet the N.E. section of the country had one of their worst!!! (I didn't mind it too much)--I need a new set anyway!!!

Art Collins

 KYVE-TV Ch-47 Yakima, Wash. (Edu)  
 KLBK-TV Ch-13 Lubbock, Texas changed from KDUB-TV

NEWS

WROC-TV CH-5 Rochester, N. Y. will change to Channel 8 on Sept 1, and WHEN-TV CH-8 Syracuse, N.Y. will change to 5 the same day.  
 WNYS(TV) CH-9 Syracuse, N.Y. has a target date of Sept. 15, they will be ABC-TV, schel. is 106 hours a week with 74hrs coming from the ABC-TV Network... (thanks J. Pizz)

KACB-TV CH-3 San Angelo, Texas is now on the air as a satellite of KRBC-TV CH-9

KRTV(TV) CH-3 Great Falls, Mont. now using 30/15kw - 450'AT.

CBWBT CH-10 Flin Flon, Man. 6.8/3.4kw- 335'AT. began on June 25 and CBWBT-1 CH-7 The Pas, Man. began on June 26.

KLFY-TV CH-10 Lafayette, La. antenna up to 1240'AT.

KUED CH-7 (Edu) Salt Lake City, Utah up to 138/69kw and antenna to 3050'AT.

WBJA-TV CH-34 Binghamton, N.Y. to 204/102kw, 900'AT.

KCMT(TV) CH-7 Alexandria, Minn. to 316/158kw with antenna 1120'AT.

WBOC-TV CH-16 Salisbury, Md. up to 179/80kw, 620'AT.

WEAT-TV CH-12 West Palm Beach, Fla. to 288/144kw, ant. 980'AT.

WLOX-TV CH-13 Boloxi, Miss. up to 31.7/19kw, ant. 234'AT.

KETC(TV)(Edu) St. Louis, Mo. power up to 144/77.7kw with a 550'AT. directional antenna

CKTM-TV CH-13 Three Rivers, Que. up to 162.5/81.2kw and ant. 1323'AT.

CKSO-TV-2 Ch-7 Carlyle Lake, Sask. up to 92/50kw, ant/ 890'AT.

WSEC-TV CH-17 (Edu) Ft. Lauderdale-Miami. Fla. is now on the aie, they are a satellite of WTHS-TV - Ch2

One FM note from Dave Nieman about the new WBLK(FM) 93.7mcs. in Depew, N.Y.(Buffalo), target date is Sept. 30, 1962, will be on the air 24 hours a day with 58.lkw.

Aug. 6, 1962

AIPA STANDARDS

Barrington, Ill.

Once again the Standards column returns, delinquent by a month as usual. Since our last meeting, the skip has popped up again and again, (bringing in, bright and strong, of course, our old nemesis KMID 2). August is a month when the skip usually wanes and the tropics begins to blossom forth. In recent years, tropics has only shown a few real good openings per year; watch for the peaks in the early morning or evening.

#### DX Distances -- A Conflict

Since the Standards column was first developed to hash out problems of our organization, we must consider something which has been brought to my knowledge by several AIPAers. It has been recommended that standards be established for measuring distances for DX records.

Once upon a time, an AIPAer (RE: Oct. 1957 bulletin) devised a system for measuring exact distances from station transmitter co-ordinates to the receivers location. Of course, this method required the use of a slide rule, and knowledge of advanced mathematics with which many of us are not gifted. The idea was received by most DXers with a hearty chuckle as they thought of plodding through pages of formulas and tabulations in order to establish a DX record to the nearest tenth of a mile. For a long time the accurate distance problem was forgotten, since it is assumed that a DX reporter will measure accurately his receptions when reporting them.

However, it has recently been pointed out that DXers have been using a "fanagle factor" amounting to hundreds of miles. WOW! I hope we are not all guilty of this. But some of us have been avoiding the little duty of measuring on a map all distances to stations we receive. Of course, the result has been records which read, for example, 1850 miles instead of 1650 miles.

The greedy, record-hungry DXer who likes to use "fanagle factors" hurts our organization--Why?--because he actually cheats another person out of recognition for his record. Another DXer may hold the actual record at a distance of, perhaps, 1800 miles; his distance, although actually the real record for the station, will never be recognized.

How do we relieve this problem? First of all, it must be requested that we all measure our distances accurately on a reasonable "McNally" of some kind.

Other suggestions range from the reasonable to the totally absurd. Reasonable suggestions include: (1) including the DXers location along with the station's location (this would tell everyone where the logging was made-- a falsehood could be easily seen). (2) Decide on a standard large scale accurate map which everyone must use for determining distances to stations from their locations. The ridiculous suggestions include having everyone locate their own geographical co-ordinates, using trigonometric function tables, and the method mentioned in the Oct. 1957 bulletin.

Since this problem has arisen, it is necessary that you, as people affected by any rulemaking, must tell me what you want done! (If you want trig tables, I'm sure it can be arranged-- We'll dig out Tom Hidley's old math book if necessary). However, the best arrangement is probably a method whereby a DXer becomes cognizant of the reasons for measuring accurately; Then each person will take the time to measure properly in fairness to everyone.

#### Where in Blue Blazes Do We Measure From? -- Another Conflict

A second problem has been brought to the surface -- should we measure from our location to the city where the signal is identified, or should we measure from our location to the transmitter site? Well now--all of our TW DX friends will have to look up the transmitter co-ordinates for every station if we use the second method. BUT WAIT! Isn't this game of DXing getting a little complicated--isn't DXing for fun and personal satisfaction and not as some lunatics state "a way of getting my name in the paper". We'll discuss this further next time. We're out of space after another rousing session!

See you next month- 73's - Gary

FM REPORTS

Some very excellent reports were received here this month. E's has been particularly plentiful but tropes has been below par. Nevertheless, totals have swelled this DX season.

BOB SEYBOLD, this year's convention host added eighty (80) new FM calls this past month. One of the better days was July 5, when skip brought the following: KXYZ 96.5, KUHF 91.5; KHUL 95.7 (all Houston) KUTN 92.3, WDBO 92.3, KMFM 95.5, CMJV 92.7, WFSU 91.5 WBAP 96.3. On the 6th, skip wise, WNAD 90.9, KQAL 94.1, KSPI 93.9, KANN 91.5. Tropes wise there was no particular day that was extra good but July 5,6,7,9,14,15,16th were all good with new loggings on all days. A few new ones include: WCLM 101.9 (430 miles, best tropes to date), WJEF 93.7, WCOL 92.3; WCHE 96.5, WRFD 97.9, WFRO 99.3, WBPU 88.1, WOSU 89.7, WFIN 100.5, WMRN 106.9, WMHE 92.5, CKLW 93.9, WPIC 102.9, WBRB 102.7, WKAR 90.5, WSWN 99.1, WJIM 97.5, WOIA 102.9, CKCR 96.7, WOHI 104.3, WFCU 97.3, WOSC 104.7, and many others. Veries include KXYZ, KUHF, & WCLI. July 21, WCUY 92.3. Bob's total rests at 113. A very fine report indeed.

DENNIS SMITH out California way got E's almost every day, but never above ch 6, so his total remains at 96. Dennis has a report on a recent FM-DX location....This location was 50 miles north-east of Fresno in the Sierra Nevada at 4800 feet elevation. Dennis didn't think he would get anything, DX wise, but he was able to hear consistantly stations from the following locations with distances: (with his Hallicrafters SX-43 with rabbit-ears antenna) San Francisco 180 mi, Berkeley 165, Modesto 150, Turlock 135, Santa Cruz 150, Monterey 140, Salinas 125, Visalina 60, Fresno 15-55, and a surprise KPGM 97.7 Los Altos 1 kw station at 150 mi..still on rabbit ears. This was between July 11 & 18. Altogether 27 stations. Dennis includes the following FM info from the Los Angeles area: According to L.A. Times, KRHM 94.7 LA, KMLA 100.3 LA, KCBH 98.7 Beverly Hills, and KDUO 97.5 Riverside all broadcast MX stereo several hours a day; KFMU 96.3 Glendale has MX stereo all afternoon and evening; KGGK 94.3 Garden Grove is MX stereo 24 hours a day.

JIM HUGHES, our "Voice of Michigan FM Newscaster" caught one new DX station. On June 9th, WRFD, Worthington, Ohio slipped in on his Zenith portable AM/FM. Jim notes that his Blaupunkt FM car radio isn't working too well, so no FM DX. Jim's newscasts are now carried on WABX 99.5 Detroit as well as on WQDC 99.7 Midland (Both Michigan) at same time they're on WSWM 99.1, East Lansing. Thanks for the fine report, Jim.

AL GERMOND has added a Scott 310D tuner to his setup and is really impressed. Al cites that after testing and owning many FM tuners, the 310 is by far the best for DX. A check of al's report for this month will leave you breathless..60 new FMers. 5-23, WVLC 101.3 tropes, 5-28 WEBR 94.5 tropes, 5-29 WBUD 101.5 Local, 6-2 WTSV 106.1 tropes, 6-9 WRRN 92.3 tropes, 6-10 WUPI 105.3 tropes, WHRB 95.3 tropes, 6-16 KOGM 92.9 skip, KOCW 97.5 skip, 6-17 Tropes--WLDM 95.5, WJW 104.1, WVGR 104.1, WOOD 105.7, WJEF 93.7, WMHE 92.5 and WKFM 105.9 Elmwood Park (best tropes to date). June 18, WBBW 93.3 tropes, 6-19 tropes, WAZZ 105.9, WBKW 99.5, WMFR 99.5--6-21 Tropes WYCR 98.5, 6-27 skip WAEZ 94.9, WWPB 101.5--6-28 tropes WVOT 106.1--6-29 tropes WFLO 95.7, WHLF 97.5, WWGP 105.5 SKIP KUHF 91.3, KHUL 95.7, KXYZ 96.5, KTRH 101.1, KQUE 102.9, KRBE 104.1, KVIL 103.7, KJIM 102.1, WBAP 96.3, KSPL, 95.5, KBCL 96.5, WDSU 105.3, 6-30 Tropes WSWA 100.7, WWOD 100.1...7-5 SKIP, WSRA 103.3, WNFO 103.3, WFUL 104.9, WFMG 104.5, WSIX 97.9, WNAD 90.9, KOSU 91.7, 7-6 Tropes WLYC 105.1, SKIP WOW 92.3, KQAL 94.1, KICN 96.1--7-11 Tropes WGET 107.7, WOSC 104.7--7-15 WHBI 105.9, Local, WFLS 93.3, tropes...7-16 Skip WFSU 91.5, WBGW 98.9, WHOS 102.1, WWWB 102.5. Al DXes from 279 Audubon Road, Engelwood, NJ and uses a Finco FM-5, 10 element FM Yagi roof-mounted antenna.

HANK HOLBROOK of 4710 Edgemour Lane #206, Bethesda, Md. logged a few new ones this report period, but he feels that he missed alot of better days while at work. 6-28, WMNA 103.3, 7-5, KOGM 92.9, WNAD 90.9, KWHP 97.7, 7-15 KXYZ 96.5, and 7-18, WGET 107.7. Hank now uses a Scott 310C tuner.

JIM PIZZI from Rochester, NY, has a total of 28 FM Stations to date as he is primarily a TV-DXer. Correction to last's months listing, WCMF not CMCF is on daily 5-12.

July 24: WTHS-2, KFYR-5, KDIX-2, KTWO-2 (Es).....Ray's log now stands at 170 with 8 NEW in this period. Summer school is interfering with Ray's DXing this year, since he is attending Northeast Louisiana State College. In the middle of August his school is sponsoring a tour to the World's Fair, so Ray thinks that he may get to see Doris Johnson for a spell...Good Luck, Ray!!!

\*\*\*\*\*Richard Bergen, III, LaGrange, Kentucky.....June 30: KMID-2 (Es). July 5: WLBZ-2, CKCW-2 (Es). July 7: KNOP-2, KMID-2, KCKT-2, KOA-4 (Es). July 9: KMBC-9, (troops). July 10: WSIL-3, WLAC-5, WSIX-8, (troops). July 11: WLOS-13, WDBJ-7, WLSL-10, WSAZ-3 (troops). July 12: KMID-2 (Es) and KFVS-12, WPSD-6, WSIV-8, WEHT-50 (troops). July 16: KTVR-2 (Es). July 17: WFIE-14 (troops). July 18: WLOS-13 (troops). July 21: WCBS-2, WLBZ-2 (Es). July 25: KYW-3 (troops).....The total is now 131 with 5 NEW this time. Donald Ruland has been transferred to New Orleans; Don, I'll get your report in next month's bulletin. Good Luck to you in Louisiana!!!!

August 1962

Greetings--again this last month, Es has appeared to be good--there has been lots of it, although some days weren't particularly strong. At any rate, there was some skip reported somewhere in the West every day between June 20 and July 20 except July 15 and 20 (and we may hear from July 20 next time). And, as of about July 14, it has started slowing down a bit. There was some tropes in the Mid-west, some in the latter part of June, and an opening in and around July 10. Other than that, our Mid-west DXers report tropes down for the most part.

B.J. Bingham has a good log of skip, despite the fact that he has to battle his locals to get them. His Es-- June 21: Es, WCTV-6 (new--app 660 mi) Tallahassee, Fla., WEDU-3 WJXT-4 Fla. June 26: Es, WTIC-3 Conn, WSYR-3 WNBC-4 WRGB-6 WKTU-2 NY, CBHT-3 NS. June 28: KFDX-3 KRIS-6 Tex, KACB-3 (new--app 760 mi) San Angelo, Tex. June 29: Es, WFIL-6 Penn, WRGB-6 WBEN-4 NY, WTIC-3, WRCV-3 Pa., WCAAX-3 Vermont, WMAR-2 Md, WUSN-2 SC, WESH-2 WEDU-3 Fla. July 3: Es, KCPX-4 Utah, XET-6 XEFB-3 Monterrey, KRIS-6 KGNC 4 Tex, KOOK-2 KRTV-3 Mont., KID-3 Ida., KTVK-3 Ariz. July 5: Es, XEWH-6 Hermosillo, XEZ 3 Queretaro, WTAR-3 WTVR-6 Va., WRCV-3 WTIC-3 KACB-3, WECT-6 WPMY-2 NC, WCAAX-3 WMAR-2. July 9: Es, CJBR-3 CBFT-2 Que., WSYR-3 KOOK-2 KRTV-3, KUTV-2 KCPX-4 Utah, KTWO-2 Wyo., KTVR-2 Colo. July 11: Es, WRCV-3 WCAAX-3 KID-3 WTIC-3. His tropes-- June 24: tropes, WLTU-13 (new) Kentucky, WHAS-11 Ky., WCPO-9 Ohio, WGN-9 WBKB-7 WREX-13. July 10: tropes WAPI-13 WBRC-6 Ala., WLBT-3 WJTV-12 WTOK-11 Miss., WLW-A-11 Ga., WDBJ-7 WSLS-10 Va., WCHS 8 W.Va., WTVG-9 WSIX-8 WLAC-5 WMCT-5 Tenn., KTHV-11 KATV-7 KTVE-10 Ark., WHAS-11, KMEC-9 Mo., KSOO-13 SD, WGN-9 WBKB-7. B.J. has 3 new stations in Festus, Missouri; log now totals 286.

Bill Hauser comes up with a big log of DX from Enid, Oklahoma before he went on a vacation trip starting July 15. He notes (as does B.J.) that WDCN-2 Nashville expects to begin programs on Sept. 10. Also, KBOY-9 Hot Springs, Arkansas is NBC and plans to increase power to about 60 kw and more time on the air, and KONO-12 will soon move its tower from downtown San Antonio to 18 miles southeast and increase height to 1505 feet. His DX-- June 23: Es, WJXT-4 Fla., WBTU-3 NC, WFBG-4 SC, WSAV-3 Ga., WRGP-3 Tenn., KUTV-2 Utah, KTVU-2 KRON-4 KCRA-3 Calif. June 24: Es, KLRJ-2 Nev. June 25: Es, WSAV-3, WESH-2 Fla., WUSN-2 SC. June 27: Es, WUNC-4 WPMY-2 NC, WTAR-3 Va., WOAY-4 W.Va., KYW-3 Ohio, WJAC-6 Pa., WBBM-2 Ill. June 28: Es, WSAV-3 KLRJ-2, KBOI-2 KID-3 Ida., KCRA-3 KTVU-2, XEWO-2 Guadalajara. June 29: Es, XEW-2 Mexico DF, XEZ-3 Queretaro, XEWO-2, WEDU-3 Fla., WUSN-2 WSAV-3 WESH-2 WBTU-3 WUNC-4 WTAR-3 WUSN-2 WSAV-3. June 30: Es, XEZ-3 XEZ-6 Queretaro, XEW-2 XHTV-4 Mexico DF, XEWO-2, WPMY-2 WUSN-2, WESH-2 Fla. July 1: Es, WUSN-2 WCSC-5 SC, WESH-2. July 2: Es, KNXT-2 Calif., XEZ-3. July 3: Es, WBTU-3 KID-3 KBOI-2, CHAT-6 Alta., KOOK-2 KRTV-3 Mont. July 12: tropes, WJTV-12 Miss., KHOU-11; Es, XEZ-3 XEFB-3 WESH-2 WEDU-3 WSAV-3 WJXT-4. July 13: Es, XETV-6 Tijuana, KRCA-4 KTVK-3 KTLA-5 KTVU-2, KOTI-2 (new--1320 mi) Klamath Falls, Oregon, KSBY-6 KLRJ-2 KRON-4 KCRA-3 KPIX-5. July 14: tropes, KALB-5 (new--475 mi) Alexandria, La; Es, WCBS-2 (new--1310 mi) New York City, CBWT-3 Man. 6 new stations bring Bill's total to 275.

Elwood Walter in Roy, Utah has been getting some skip, almost every day on ch. 2 but local KUTV prevents identification. He also sees ch. 6 Es every so often, but no IDs there yet, either. Here is his log: June 21: Es, KGLO-3 (new--930 mi) Garden City,

AIPA, August 1962 WESTERN DX, continued Dennis Smith, Wasco, California  
(Elwood Walter's report continued) Iowa. July 3: Es, CBWT-3 Man. July 5: Es, WISC-3  
(new--1130 mi) Madison, Wisc, KGLO-3. July 13: Es, CFRN-3 (new--810 mi) Edmonton, Alta.,  
KIFM-3 (new--575 mi) Eureka, Calif. July 17: Es, KYTV-3 Mo. His total, which includes  
all stations over 75 miles seen at both Seattle and Roy, is now 33.

Dee Johnson in Longview, Washington got some more DXing in for this time. June  
24: Es, KOB-4 N. Mex, KR0D-4 Tex. June 25: Es, KOTA-3 SD, KNOP-2 KDUH-4 Neb, KTWO-2 Wyo  
KDIX-2 ND. July 10: Es, CFDC-3 (new--does anyone know where this one is located?),  
CKCK-2 Sask, CHSA-2 (new) Lloydminster, Alta, KXJB-4 ND, KDLO-3 KOTA-3 SD, KDUH-4.  
July 13: Es, KTVK-3 KVOA-4 Ariz, KOB-4 KDUH-4, KLRJ-2 Nev, KCKT-2 Kans, KTWO-2 KDLO-3,  
KFYR-5 ND, XEM-3 Mexicali. July 16: Es, KLRJ-2, KEY-T-3 Calif. July 17: Es, KCKT-2,  
KHAS-5 KDUH-4 Neb, KOTA-3 KORN-5 SD, KTWO-2, KCSJ-5 KREX-5 KTVR-2 KOA-4 Colo, KDLO-3  
KPLO-6 SD, KDIX-2, CBWT-3 Man, KGNC-4 Tex, KOB-4. July 18: Es, KDIX-2 KDLO-3 KTVK-3  
KVOA-4 KDUH-4. 2 new ones bring Dee's log up to 156.

Eric Norberg at Carmel, California now has a new Winegard Powertron Model SP-55X  
in operation. Of course, it has more gain than his old CL-4X, and he is also anxious  
to find out how well it performs over a year's time in comparison to the old antenna.  
Eric has seen a little skip almost every day, but no IDs most of the time. June 11:  
Es, KMID-2 KFDX-3 KGNC-4 Tex, KOOK-2, KRTV-3 (new) Great Falls, Mont, KXLF-4 (new) Butte  
Mont, KCKT-2 Kans, KBOI-2 Ida, KREM-2 Wash. July 13: Es, KID-3 (new--621 mi) Idaho  
Falls, KDIX-2 ND, KOOK-2 Mont. His total, with 3 new, is now 44.

Percy Cox has some DX to report from Visalia, California--two straight months of  
skip, with a few days of FM notably in May. He saw a lot of it at work in a TV shop  
but not much time to identify any. May 16: Es, KTWO-2 KFBC-5 Wyo, KOOK-2 Mont, KTSO-5,  
(KDLO-3 SD, KNOP-2 WOW-6 Neb, and FM from Neb, SDak, NDak, and Iowa. May 29: Es, WKY-4  
KOCO-5 KVOO-2 KOTV-6 Okla, KSYD-6 KMID-2 Tex, & others unID. June 4: Es, KOOK-2, unID  
ch. 2 & 3. June 6: Es, KORN-5 (new--1200 mi) Mitchell, SD, KGNC-4 KFDX-3 KSYD-6 Tex,  
KARD-3 KCKT-2 Kans. June 9: Es, KFEQ-2 Mo, KTIV-4 (new--1200 mi) Sioux City, Iowa,  
KTWO-2 KFBC-5 WKY-4 KOCO-5. June 14: Es, KRLD-4 WBAP-5 Tex, KCKT-2 KARD-3. June 25:  
Es, unID ch. 4, 3, & 2. July 5: Es, KMID-2 Tex. July 8: Es, WOAI-4 KENS-5 Tex. July 9  
Es, unID ch. 2, 3, & 4. July 10: Es, WKY-4 KARD-3 KOCO-5 KCKT-2. July 13: Es, KMID-2,  
KACB-3 (new--1200 mi) San Angelo, KRLD-4 WBAP-5 Tex. His total is 119 with 3 new.  
Percy notes that ground wave to northern Calif. has been above average this summer.

Your editor's log in Wasco, California looks like this. June 21: Es, KMID-2 Tex.  
June 22: Es, KCKT-2 Kans. June 23: Es, unID ch. 2-4. June 24: Es, WKY-4 Okla, KDIX-2  
ND. June 25: Es, KOOK-2 Mont, KXLY-4 KREM-2 Wash, CHCT-2 CFCN-4 Alta, KLEW-3 Ida.  
June 26: Es, KCKT-2 KMID-2. June 28: Es, CHCT-2, CHSA-2 (new--1300 mi) Lloydminster,  
Alta. June 29: Es, KOOK-2. June 30: Es, unID ch. 2. July 1: Es, KMID-2 KGBT-4 Tex.  
July 2 & 3: Es, unIDs ch. 2-5. July 4: Es, KTWO-2 Wyo, CKCK-2 Sask, KTVR-2 KOA-4 Colo,  
CBXT-5 (new--1300 mi) Edmonton, Alta, KREX-5 (new--650 mi) Grand Junction, Colo, KREM-2  
KCKT-2, KFDX-3 Tex. July 5: Es, unID ch. 2-4. July 7: Es, KMID-2. July 8: Es, KMID-2  
KACB-3 KEDY-4 Tex. July 9: Es, unID ch. 2-6. July 10: Es, KVOO-2 WKY-4 KOCO-5 Okla,  
KDUH-4 Neb, KGNC-4 KMID-2. July 18: Es, unID ch. 2 & 4. July 19: Es, KR0D-4 KMID-2  
Tex, CBUT-2 BC. July 23: Es, unID ch. 2-3. Total is now 115 with 3 new. By the way,  
ch. 2 Portland, Oregon's call is KATU....

Dave Pomeroy in Overland Park, Kansas got some DX, but mostly the "same old  
thing." He has a new antenna for UHF, a Jet Corner Reflector, which is better than  
the old 4-bay bow-tie. June 20: MS, WTAE-4 Pa. June 21: Es, WESH-2 Fla. June 25: Es,  
WUSN-2 SC. June 27: Es, WUSN-2. July 23: Es, KID-3 Ida, KTWO-2 Wyo. July 4: Es, WSYR-  
3 NY. July 5: Es, WTAR-3 Va, WSAU-3 Ga, WGBH-2 Mass. July 6: Es, WSYR-3 WGR-2 NY,  
CBFT-2 Que. July 7: trops, KAKE-10 Kans, & very strong KMOS-6 KOMU-8 KYTV-3 KPLR-11  
KCRG-13. July 9: trops, strong KFVS-12 KPLR-11 Mo, WJHL-11 (new--695 mi) Johnson City,  
Tenn, KWVL-7 Iowa. July 12: trops, KGIN-11 (new) Grand Island, Neb, WTVH-19 Ill, KFVS-  
12 Mo. July 21: trops, KOLN-10 KGIN-11 Neb, KTVI-2 Mo. Dave has 2 new, for a total  
of 117. He reports no interest for a Mid-west convention this year, but hope every-  
one had a good time at the Convention in Dunkirk, New York.

Best of DX to all

Dennis

AMERICAN IONOSPHERIC PROPAGATION ASSOCIATION AUGUST 6, 1962

CO-CHANNEL INTERFERENCE COLUMN----conducted by Bedford Brown, Jr., Chicago, Illinois

\*\*\*\*\*ADDRESS: 6141 SOUTH MAYFIELD, CHICAGO 38, ILLINOIS\*\*\*\*\*

First I would like to thank Bob Seybold again for hosting the A.I.P.A. convention this year. It was certainly very enjoyable to see all of you again, and to dx from the famous hill, that we had all heard about. There are a number of unidentified reports this month, so here goes. Thanks to all for the reports; I hope everyone will check the list, please!

CCI-UNIDENTIFIED PROGRAMS-All times are Eastern Standard Time unless specified otherwise

Vernon Schroeder, 522 Park Street, Batavia, Illinois

- 1. Jun.12 6:00-7:00pm ch.2-west-"Three Stooges" cartoons, yo-yo commercial about 6:35
- 2. Jun.15 6:45pm ch.3-south-news sponsored by Delchamps Modern Food Stores
- 3. Jun.17 8:40pm ch.2-west-Donald Duck

Jim Pizzi, 82 Van Bergh Avenue, Rochester 10, New York

- 1. Jun.15 7:15pm ch.4 Es late CBS news, getting KPRC-2 simultaneously (WWL???)
- 2. Jun.16 10:31am ch.6 Es NBC WOW? was getting KMTV-3, KNOP-2, etc. (Jim, normally we don't list network programs such as these, as with no local ads, it's impossible to locate these stations, Bedford).. (Your number 3 seems to be also)
- 3. Jun.17 6:30pm ch.3 Es ABC Kansas, WDAF-4 simultaneously. (unless you have more info.)
- 4. Jul.19 6:10pm ch.2 Es weather program with map of Lake Superior and surrounding area for about 150 miles, CBWT-3 was in simultaneously, anyone able to help?)
- 5. Jul.24 4:58pm ch.2 Es end of the "Big Picture".

Ray Foster, Jr., 1507 Forsythe Avenue, Monroe, Louisiana

- 1. Jun.20 2:30pm ch.4 Es XEW-TV relay (Does anyone know the location of this one?)
- 2. Jul. 5 4:50pm ch.5 Es Bulls-eye tp with call in upper left coming from the west.
- 3. Jul. 7 12:31pm ch.2 Es from the northeast, an apparent studio dance party, the mo of which announced that it was a taped party.

Pvt. F. Dombrowski, US 55678955 Co.A, 12th Bn., 4th Trg. Regt., BCT USATCA, Ft.Knox,Ky.

- 1. Jun. 4 "HLH" grocery products ch. 2 west 7:59pm Es
- 2. Jun. 6 7:30pm ch.2 SE or WEST "Yogi Bear Show", negative offset frequency Es
- 3. Jun.14 9:00pm ch.2 WEST ad for "POWERS, 638 South 6th, N BC Station, KUTV??no-ABC,B)
- 4. Jun.15 5:30pm Soldiers of Fortune and 6:00 Yancey Derringer, ch.2 South Es
- 5. Jun.15 6:20pm ch.2 Es narrator with German accent talking about space exploration-we
- 6. Jun.15 6:35pm ch.3 Es a 5-minute Walter Cronkite CBS newscast used as part of a lo-
- 7. Jun.16 6:50am ch.9 tropo ssw IH-TP with call /cal news program
- 8. Jun.16 6:50am ch.9 tropo ssw RTMA TP (TP-test pattern)
- 9. Jun.16 6:52am ch.4 tropo se IH-TP without call
- 10. Jun.16 6:54am ch.11 tropo ese RTMA TP
- 11. Jun.16 7:40am ch.8 tropo wsw wedge TP
- 12. Jun.16 12:32pm ch.3 Es w or nw "3 Stooges"
- 13. Jun.16 2:27pm ch.6 nw (\*or- offset) ch.3 KID on, is Pocatello back on the air?

Dennis Smith, 450 Poplar Avenue, Wasco, California

- 1. Jun.14 1:13 to 1:30pm ch.5 Es Indian-head tp with 1000-cycle tone
- 2. Jun.15 8:55pm ch.2 Es Whirlybirds
- 3. Jun.17 11:30pm ch.5 Es religious program about teens
- 4. Jun.18 11:30pm ch.2 Es Perry Mason
- 5. Jun.19 12:42am Ch's 4 & 5 (two stations simulcast) end of Naked City
- 6. Jun.25 12:55-1:59pm ch.2 Es checked plaid test pattern (Dennis, after I thought about this one, seems that one of the Latins, maybe XEW, has a strange plaid tp, what was the direction?)
- 7. Jul. 4 7:30pm ch.2 Es Huckleberry Hound
- 8. Jul. 5 7:43am ch.2 TP or slide, audio was recorded guitar music, sounded like Chet Atkins.)
- 9. Jul.19 2:00am ch.4 science fiction movie

Thanks to all for the reports; I appreciate them very much, and I hope that someone will be able to help all of you on each report. In general network shows should not be included in the reports unless they are being telecast at an unusual time.

The strongest E-skip that I have seen in Chicago struck here on the evening of July 30th and the morning and noon-time of July 31st with steady snow-free signals from south Texas area and Monterrey, Mexico, all the way through channel six. WOAI-TV was strongest and most prolonged skipper of Monday morning, successfully blocking any chance for southern Mexico double-hop, which I have yet to see in Chicago from there or anywhere else. Totals now about 60, I believe. Until September, best dx, Bedford
