Enjoyed getting to meet fellow FM DXer Doug Speheger over lunch May 7. Nice to have someone nearby to swap alerts on openings in progress. As I suspected, I was the first other DXer he had met in person. It made me nostalgic for the club conventions in years past. As I recall, the last WTFDA-only convention was in Irving TX in 2005. There were only 9 of us there, so it was a rather intimate gathering. At least two of them have since passed. Not that I'm volunteering to host another one (2002 was my 2<sup>nd</sup> for WTFDA, also hosted IRCA in Hammond IN in 1973), but now I have the time and finances to attend one wherever it may be held (hint hint). All the other means of communicating we have now are fine, but there's nothing like conversing with someone face to face.

I'm looking forward to all the reports of DX this season!
