# THE WORLDWIDE TV-FM DX ASSOCIATION

*Serving the UHF-VHF Enthusiast*

THE VHF-UHF DIGEST IS THE OFFICIAL PUBLICATION OF THE WORLDWIDE TV-FM DX ASSOCIATION DEDICATED TO THE OBSERVATION AND STUDY OF THE PROPAGATION OF LONG DISTANCE TELEVISION AND FM BROADCASTING SIGNALS AT VHF AND UHF. WTFDA IS GOVERNED BY A BOARD OF DIRECTORS: DOUG SMITH, GREG CONIGLIO, BRUCE HALL, KEITH MCGINNIS AND MIKE BUGAJ.

*Editor and publisher:* **Mike Bugaj**

*Treasurer:* **Keith McGinnis** *Webmaster:* **Tim McVey**

wtfda.info *Site Administrator:* **Chris Cervantez**

*Editorial Staff:* **Dave Williams, George W. Jensen, Jeff Kruszka**

**Keith McGinnis, Fred Nordquist, Matt Sittel, Doug Smith,**

**Chris Kadlec, Peter Baskind and John Zondlo,**

Our website: [www.anarc.org/wtfda](http://www.anarc.org/wtfda) Our forums: [www.wtfda.info](http://www.wtfda.info)

**AUGUST 2006**

Finally! For those of you online with an email address, we now offer a quick, convenient and secure way to join or renew your membership in the WTFDA from our page at:

<http://fmdx.usclargo.com/join.html>

Dues are \$25 if paid to our Paypal account. But of course you can always renew by check or money order for the usual price of just \$24. Either way, it's still a bargain!

## VUDS ON A CD!

Every VUD from Jan 1980 to December 1989 is on this disk. You'll need Adobe Reader to read them. Why have a box of old VUDs taking up space when you can have this. **It's yours for just \$8.00 per disk.** Send your check or money order for \$8.00 to WTFDA, P.O. 501, Somersville, CT 06072. Make it payable to **WTFDA.**

**(Yes, it's another 68 page VUD this month!)**

## And now... **eVUDS ON CD!**

All eVUDs from 09/01 through 12/05 are on this disc (except 8/02 which was not published). Follow the changes from day one to the present form. **You can have it for just \$6.00** (\$5.00 plus a dollar shipping). Use the same address as for VUDs on CD shown on the opposite column. Have a great month!

## WTFDA CONVENTION 2006 AUGUST 11,12,13

Join us for WTFDA Convention 2006! This years convention hotel is the **Ledgewood Days Inn Lake Hopatcong 1691 Rt - 46 West, Ledgewood, NJ 07852, US.**

The hotel is conveniently located just off I-80 on New Jersey Route 46 West. We've reserved 8 rooms The room rate is \$99/night. AAA members should check for a AAA discount. **The registration fee is \$50 payable to Rick Shaftan.**

### IMPORTANT!

If you plan on attending, please email Keith McGinnis at [longwave@comcast.net](mailto:longwave@comcast.net) so we can get a head count and reserve more rooms if necessary.

For more information on what is planned for this year's convention (Banquet, station tours, etc) please contact our host-Rick Shaftan at the following email address [shaftan@earthlink.net](mailto:shaftan@earthlink.net) or at the following phone # 973-726-8114. I'm sure Rick can give you all the information you will need and may be able assist in other accommodations if the Holiday Inn doesn't work for you. -Keith McGinnis, Treasurer

## HAPPY SKIP SEASON!

Do some of you get the feeling that it's Christmas in July? I do. Sometimes I get paranoid about the Es season. Maybe it's because up here in the Great Northeast the season is just too short. This year we went some days in early July without anything, which made me walk around pouting about the season that had ended much too soon.

Then on July 11<sup>th</sup>, skip again hit like a ton of bricks and with openings that went into FM almost every day through the 18<sup>th</sup> (and possibly longer).

I can't speak for everyone, but Es has been good to us this season. This season is just like some of the bang-up seasons we've had in past years.

If I had to pick the winning DXer this season for FM Es, I think I'd pick Dave Williams, based on his spectacular double hop catches on 7/15 to CKPC 92.1 in Brantford ON and WKYS 93.9 in Washington DC, 2024 and 2285 miles respectively. This the kind of Es we dream about but never receive, until now.

On the other end of the spectrum, coming up way short in the Es department we find Kevin Redding, Neil Kazaross and Saul Chernos (AZ, IL and ON), but I think Phoenix gets the dubious award for almost no skip this year.

Things tend to go in cycles, though. Dave has his "up" years now, but the northwest had several "down" years when almost nothing was reported. Skip will return to Phoenix sooner or later and we hope it's sooner.

Those of you who would like to hear some neat double hop skip should turn on your computers and go to <http://www.wtfda.info> where you'll be able to listen to Dave's trans-continental FM skip. And speaking of the Forums, they just celebrated their first birthday as part of the WTFDA DX empire.

## MEMBERS AND MORE

We want to welcome **Robert Klinger** into the WTFDA. Bob is an AM Dixer but caught the TV/FM bug and we want to make sure he never recovers. Bob is in Harrisburg, PA

Here's the list of renewals received from 6/16 to 7/15: **Ron Wing** (KS), **David Sinclair** (BC), **Stan Weisbeck** (WA), **John Marx** (WI),

**John Griffiths** (ON), **Dave Bright** (FL), **Steve Chudoff** (PA), **Roger Gravelle** (ON), **Tim McVey** (VA), **Jim Alexander** (NJ), **Dave Williams** (OR), **Mike Lazaro** (NY), **Guy Falsetti** (NY), **Tim Cronin** (IL), **Steve Rich** (IN), **Mike Hawk** (AZ), **Joseph Esser** (NJ), **Alan Michalek** (MA), **John Johnson** (MT), **Benjamin Greenlaw** (ME), **Nick Lombardi** (GA), **Randy Miltier** (OR), **Rod O'Connor** (ME), **Robert Williams** (ID), **Al Tobia** (CA), **Stephen Naetzker** (CA), **Garrett Wollman** (MA), **Ron Purdue** (MN), **William Lindsay** (WA), **William McGuire** (MD) and **Paul Swearingen** (KS). Mike Hawk has moved from Omaha to Arizona and switched to the eVUD. Thank all of you for staying with us for another year. I've already started another stack of renewals for next month. Remember to get your renewals in on time so you don't miss one issue of the VUD!

## MADISON-MILWAUKEE GTG

You can tell it's that time of the year again... The 13th annual Madison-Milwaukee Get-Together for DXers and Radio Enthusiasts will take place Saturday, August 19, in Grafton, Wisconsin (located just north of Milwaukee). This year's venue is the home of Neil Kazaross, and it promises to be another great day of informal visiting with your fellow radio hobbyists. Tim Noonan is organizing the event, and you may contact him at [<DXing2@aol.com>](mailto:DXing2@aol.com) or 414 762-2702 for more information and a detailed invitation.

## SATELLITE EXPO HONORS SAT PIONEERS

Back in 1979, a group of more than 500 gathered in Oklahoma City to be exposed to the latest technology in satellite reception systems. Prior to this first-ever "Satellite Private Terminal Seminar," only cable TV and broadcasters were utilizing the early Westar and RCA satellites for transmission of television and radio programming in a field that launched with the telecast of a professional boxing match from the Philippines in September 1976.

What made this gathering unique was its' focus on much smaller (C-band) satellite dishes which enterprising home workshop inventors were creating throughout North

America. This was the start of "home dishes" - as small as 4 feet in diameter at a time when cable and broadcast users mistakenly believed a dish must be at least 14 feet in diameter to produce quality reception.

Dozens, soon hundreds of small American and Canadian businesses formed to participate in this brand new industrial revolution and between 1979 and 1985, 'C-band TVRO' became a major new business activity attracting as many as 10,000 to thrice-annual trade shows while the sale and installation of home dishes peaked at around 75,000 per month in 1984.

Satellite Expo 2007 will honor these nearly forgotten "C-band Pioneers" April 19-21 as a special tribute woven into America's largest annual independent satellite trade show. The gathering will attract hundreds of "old-timers" including many of the technology creators who developed the hardware and reception systems, which laid the foundation for today's Ku-band small dish services.

A special "C-Band Pioneers" lounge area featuring videos from the bygone era will be the gathering spot on the main exhibit floor while "C-Band Remembered" will feature technical sessions from that era led by the very pioneers who made this all happen. A "Pioneer's Dinner" will also be included in the 3-day program.

Satellite Expo 2007 is the prominent industry trade show with specialized training courses in addition to a large exhibit floor. Satellite Expo will make a return trip to the fabulous Georgia International Convention Center in Atlanta, April 18-21. As a special thank you to our many supporters, free registration is being offered for Satellite Expo 2007 through July 31st at <http://www.acteva.com/booking.cfm?bevaid=113284>.

### **THE NAB WANTS WHAT??**

With all the obstacles FM DXers have to deal with daily, add this to the list:

The NAB wants the FCC to allow AM stations to have translators *on FM!*

You read it right. The association filed a petition for rulemaking with the FCC "seeking permission for AM radio stations to license and/or use FM translators to retransmit their service as a fill-in service," it states in an association newsletter.

"Under NAB's proposal, no portion of the 60 dBu contour of the FM translator may exceed the lesser of either the 2 mV/m daytime contour of the AM station or a circle with its center at the AM transmitter site and a radius of 25 miles."

NAB told the FCC about technical challenges facing AMs due to interference from natural and man-made obstacles, "as well as from FCC rules that require AM stations to reduce power during nighttime

hours in order to reduce interference from other AM stations located on the same frequency.

Granting the petition "would be consistent with FCC precedent in favor of improving AM radio service," the association said.

"We also demonstrated that NAB's petition is more reasonable and justified by current competitive circumstances than similar earlier requests that the FCC rejected or did not act upon. Finally, the petition describes the public service provided by local AM broadcasters and illustrates how granting NAB's petition would allow AM stations to continue, if not expand, their service to the public." (Thanks, I think, to Bob Cooper for this info.)

### **SLIGHT CORRECTION**

Back on the cover of the June VUD we gave Girard Westerberg credit for being the first to log HD Radio Es. Since that time I've heard that Girard's log may not be the first HD skip heard by a DXer using a Bose Receptor radio. I think we ought to say "one of the first" instead, based on the fact that many others are using Receptor radios and some of those are also WTFDA members and they have also been receiving HD (IBOC) skip. These people have proved that it's not that difficult at all to DX HD radio via E skip and tropo.

Gerard, Jeff Lehmann, Rick Shaftan and all the others are blazing new trails in the world of digital radio DXing.

### **THE NAB WANTS WHAT?? Part II**

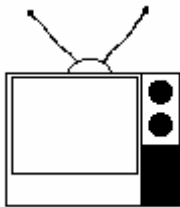

With the proliferation of Part 15 devices for use with portable media players, satellite radio and other devices, the NAB hired the consulting firm MSW to evaluate some of these wireless devices to verify their compliance with the power and modulation restrictions established in the FCC Rules. The NAB is concerned that many of these devices are causing interference to established broadcast stations (huh?-ed).

The study reviewed the field strengths of 17 wireless devices. The review measured field strength, verified the required FCC ID numbers and verified antenna rule compliance. Devices tested were manufactured by companies including Akron, Belkin, Hobbytron, RCA, Sirius and Delphi.

The tests showed that more than 75 percent of the tested devices exceeded the FCC 48dBµV/m limit. On average, the devices exceed the FCC limit by 14dB.

Thanks to Bob Cooper for also sending over this article. Please tell me I'm not the only one reading these and shaking my head in disbelief.

Take care everyone. Enjoy the skip and the tropo and we'll see you next month.

## WEATHERADIO DX

**John Ebeling Bloomington, MN**

Morning of June 16, 2006 @ Prosit MN, Lat 46.59.53N; Long 92.37.03W Using my fixed position Radio Shack model RS-12-247 (dating from 1998), KIG-64 162.550, Duluth, MN (26 miles away) was over-ridden by WJX-64, Leader, MN, a distance of 103 miles. Usually Duluth is fighting for frequency control with the International Falls, MN station, WXK-45, also on 162.550. Most of the other channels were a mess of stations! Also usually get KZZ-29 (162.400) Grand Rapids, MN @ 45 miles and KZZ-45 (162.475) Virginia, MN @ 39 miles, on a regular basis. Also had WXM-99 (164.425) Bemidji MN @ 108 miles.

An odd thing that morning, using my older hand held Realistic 3-channel radio (model 12-1551A) was that with the antenna in a vertical position, Duluth was loud & clear; turning the radio so the antenna was in a horizontal position, Leader, MN came in loud & clear. Both stations on the same 162.550 MHz frequency. All stations noted above are listed as 1,000 watts.

---

### **MORE DOUBLE HOP E SKIP!**

Jim Renfrew reports: I'm slowly going over notes and tapes of stations received on July 7th, 1752 EDT. At the time of this reception I wrote down the details of a station I heard on 93.1, but could not convert the PI code to anything useful ... so it seemed ... and then things got busy again. Now I have converted the PI Code 2E0F again and found KLJZ, and I have located that station in Yuma AZ! That's 2104 miles from here! "The Bob and Sheri Show" (checks out) and "Z-93" are also mentioned. I made a screen shot of the RDS Decoder, too. KS was in just before this, on the same bearing.

AUG 2006

As storms roll across the Plains and Midwest, some stations, both AM and FM, are being knocked off the air for long periods of time. Eric (NOUIH) reports that after storms hit St. Louis on July 20th, KCLC 89.1, WLCA 89.9, KSD 93.7, WFUN-FM 95.5, KYKY 98.1, KLOU 103.3, KMJM 104.9, and KSLZ 107.7 were all off the air at one time or another. News reports mention that the Debaliviere Place back site tower for Clear Channel-owned area radio stations KSLZ and KMJM burned down due to the storm, but presently both stations are back on the air. In addition to stations being off the air, a few were literally knocked down. Stations such as KTRS-AM 550 have experienced a major boom in storm-related advertising (dent-removal companies, glass-repair businesses and home-improvement companies), but with the advertising money comes a loss for KTRS. The same storm in St. Louis "toppled two of its four broadcast towers in Madison, Ill., which will impact the station's night broadcasts. The station received an emergency broadcast license from the Federal Communications Commission to transmit a 1,250-watt signal from one of its two remaining towers." (St. Louis Business Journal).

Thanks to Bruce and Eric, *some* format changes have been included in this month's FM News.

## INDEX OF ABBREVIATIONS

AF	applied for (a new station)	NS	new station granted
AFA	American Family Association	NW	new station signs on
Aux	Auxiliary antenna (backup)	OSA	one step application granted for change
CC	call letter change	PA	proposed amendment change to FM allocation table
CL	city of license change	PC	power change on the air (> = increase, < = decrease)
CX	a construction permit has been cancelled	PG	power change granted (> = increase, < = decrease)
C1-C5	change in status to that FM license class	PR	power change requested
DA	directional antenna	QC	frequency change occurred
DE	station has been deleted	QG	frequency change granted
FC	format change	QR	frequency change requested
GA	granted amendment to table of FM allocations	RA	silent station returns to the air
GE	granted extension of construction permit	RE	station requests an extension on permit
GX	granted replacement of expired permit	ROA	request of applicant
LC	license to cover filed (ready to come on air)	RX	station requests replacement of expired permit
MC	multiple-city ID	SC	slogan change or update
NC	no change yet on a reported change or permit	SI	station is silent
ND	non-directional antenna	SOA	signed on the air
NO	not on the air	XA	dismissed amendment to FM allocations
		XC	transmitter site change occurred
		XG	transmitter site change granted

# WESTERN TV DX

**DAVE WILLIAMS**

**3525 SW Timber Ave**

**REDMOND, OR 97756**

**beansdad@bendcable.com (541) 420-4704**

**Dave Williams**

1980 Vintage RCA 19" B/W, FM6 @ 25 feet

No full report from me this month as I was DXing FM most of the time. Most days in late June/early July had at least some TV Es and the following stations were seen:

2 – KCBS-CA, KNAZ-AZ, KASA-NM, KACV-TX, KMID-TX, KWGN-CO, KSNC-KS, KNOP-NE, KUSD-SD, CKND2-MB, CKCK-SK, XEPM-CH

3 – KTVK-AZ, KSNW-KS (local 3 in the way....)

4 – KNBC-CA, KAMR-TX, KSNB-NE, KLBY-KS, KXJB-ND, KPRY-SD, WCCO-MN

5 – KTLA-CA, KPHO-AZ, KNME-NM, KDLV-SD, KHAS-NE

6 – WOWT-NE, KWNB-NE, KPLO-SD, KBSD-KS

One new logging of note:

7/17/2006

1055 2 **KO2NU** Cedar City UT with KSTU  
Fox 13 News, full color 1.78 KW

This has been my best skip season yet on FM; I hope others are doing as well and that it lasts at least another month!

73, Dave Williams, Redmond OR

**Jeff Kruszka, 5024 S. Braxton Ave.,  
Baton Rouge, LA 70817**

*I neglected to include Jeff's updated report last month and instead re-ran April. My apologies to Jeff. -- DW*

- (1) Pgm 1: KVEO-1
- (2) No PSIP info; received on Sylvania STB only
- (3) Pgm 1: Univisi(on); Pgm 2: Telefut(ura) Pgm 3: FoxRio Pgm 4: (none), but apparently audio only, playing Men at Work song (heard on WinTV-D, but not on Sylvania STB)
- (4) Never in long enough to get PSIP info; logged on Sylvania only
- (5) Logged after KATC-3 signoff, something you don't see much of anymore (at least not around here)!
- (6) Short hop! Only one in the country w/Matlock at this hour (thanks, TitanTV!)

I made a mistake last month; the DX after the KLWB-50 logging is from the month of April, not March. Lots of short hop skip this month; I seem to get a lot of that (while everybody else gets long-haul stuff, arghh!). It's great to still see some new Es loggings after 13 years of DXing here, though! And finally logged the Valley DTV's, thanks to Houston being basically dead that evening. 73's, Jeff

A decent month of E-skip. Finally bought a channel 2 trap from MFC to help me log more stations on ch. 3, and within a couple days of getting it I logged XHVIZ (that direction is usually wiped out by WBRZ overload). 73's, Jeff

This may have been one of the better E-skip months in the fourteen years I have been at this location. KRMA 6 was a pleasant surprise on June 9; the on-screen logo helped ID this one. I also noted KCNC 4 floating under local KMOV, ditto with KWGN 2 under local KTVI. WHSV 3 was a big surprise on June 10; this is one of my shortest E-skip catches. The Web site promo helped ID this one. Another pleasant surprise on this day was CJPM 6 noted with commercials in French (including one for a discount supermarket chain in Quebec) and programming from the TVA network. Another surprise was CBKT7, coming to you from one of Tom Bryant's favorite (wide spots in the road, ghost towns, take your pick), Warmley, SK with CBC's Stanley Cup Finals coverage in English.

I was able to catch a few minutes of "Canadian Idol" on CITO 3 that night. Throughout the month of June, WEDU and KIII were almost daily receptions via E-skip on channel 3 from the U.S., while XHPN and XHBQ were pretty much weekly receptions from south of the border. It seemed that every time I had XHBQ on, they were showing American cartoons or Japanese anime, dubbed in Spanish. KTVK and KIDK were seen more frequently as the month drew to a close. A trop opening wrapped up June, in which I finally bagged most-wanted KMIZ-DT 22 (even with a local TBN on the air); another most-wanted station was pulled in later that evening with WGEM-DT 54. Stations from Iowa made it through later on; unfortunately, I couldn't get a DTV from Des Moines. My consolation prize was nearly cleaning up on Hannibal/Quincy DTVs; WQEC-DT 34 made it through with a short history clip produced by sister station WSEC 14 in Jacksonville. I also pulled in KHQA-DT 29 with David Letterman; KHQA 7 was in at Grade B strength with KPTN-LP nulled. The Fourth of July brought a little bit of fireworks via E-skip in the form of regulars WEDU and KIII; KOTA 3 made it in for the first time this season. Too bad I couldn't reduce KTVI's signal enough to pull in KOTA-DT 2. Congratulations to Jeff Kadet for pulling in WBRA-DT 3 Roanoke, VA; I've been trying for KUTF-DT or WSBS-DT on 3 (both Spanish language outlets). When I pulled in KIII on the Fourth of July, a tornado warning was in effect for Bee, Refugio and San Patricio counties. Two days later, I pulled in the same station...but the warning was a flash flood warning for Nueces and San Patricio counties. As of July 5, 2006, my totals now stand at 513, including 26 DTV stations.

73 and good DX! Eric

 Santa Barbara, CA 93105-2523  
 Telephone (805) 687-7803

This report is for June 2006 (following May3 30-June 2 Wasco trip reported last month). There was tropo along the Southern California coast, to San Diego/Tijuana (up to 200mi/320km), though seemingly not all that intense, at least with my equipment (MGA/Mitsubishi with indoor whip and bowtie). It has been hot inland (away from the immediate coastline), so the inversion air layers have been more or less stable (no storminess), typical for this time of year.

June 2 aft-eve: Fair  
 Jun 3-22 am: Variably poor-fair  
 Jun 22 eve: Good  
 Jun 23 am: Fair  
 June 23 eve: VHF very good, UHF good  
 Jun 24-30: Variably fair-poor

Best of DX to all, Dennis

 2000 3 UNID CBC French, E  
 2020 3 UNID ABC, briefly saw a slide with the call letters "KYLE". Think station was from Texas.

Es seems to have fizzled somewhat during the second half of June. I got my Finco P-7 UHF dish (7") back in operation on the 23<sup>rd</sup>. Big improvement over the KU-420 bowtie array, which is still up. Both antennas use the CMA-U6 preamp. The dish is on top of a 10' tripod on the top of the house. Both are about 40' above ground.

Box 20, Macomb, Il 61455 jkadet@macomb.com

<http://www.oldtvguides.com/DXPhotos/>

Many thanks to Girard for converting my TV DX LOG from its ancient DOS format to Excel. The link to the log in Excel format is at the very top of the website listed above.

I'm also gradually putting up all Macomb TV DX Photos. Most, but not all, of the channels 2-29 photos are now posted.

In the listings below the 24 hour times are in UTC and taken from realtime postings at <http://dxworld.com/tvfmlog.html>. The listings with AM or PM times are from wtfda email reports and are CDT.

<http://dxworld.com/tvfmlog.html> has been filling up so fast lately with DX that i missed retrieving my June 25-July 2 posts, but the wtfda emails pretty much fill in the gap.

 Jul12 14:52 XE & FL video up to ch. 4. Blah.  
 Jul13 18:22 just saw a XE on ch. 2 giving a visual "4TV" (i.e. XHTV Net) ID  
 Jul13 18:59 unID ch. 4 showing "Veracruz" a lot  
 Jul13 19:06 4 is definately a Veracruz  
 Jul13 19:26 de MOD - it's much harder to read XE audio offsets in FMn on the R7100 than with US or Canadians stations.  
 Jul13 19:27 for instance, i have SS audio on ch. 4 in WFM, but cannot find it in FMn.  
 Jul13 19:28 on any U.S. station it would be easy  
 Jul13 19:29 i did check much higher and lower and still couldn't find it  
 Jul13 19:34 Randy KW4RZ responded with: Jeff, I've noticed the same. Most XE's have wider FM audio than US TV and makes it hard to tune in narrow  
 Jul13 19:35 muf ch 6 to XE  
 Jul13 19:42 Randy KW4RZ responded with: not sure if XE has a standard for TV audio .. some seem to be similar to bandwidth of US.  
 Jul13 21:00 XELN-4 Torreon, CL text ID  
 Jul13 21:39 XHPN ruining ch. 3 as usual. i wish they'd go back to 5.29KW  
 Jul13 22:45 i need to investigate getting a nbfm filter more suitable for Mexicans installed in this R7100  
 Jul13 23:00 XHCH-2 "TV Azteca Chihuahua"  
 Jul13 23:38 NC briefly in on ch. 2  
 Jul13 23:39 now WESH-2 eeech  
 Jul13 23:40 just when YSR-2 has a chance WESH appears  
 Jul14 00:08 Cuba-2  
 Jul14 00:09 same on ch. 4  
 Jul14 15:15 XHCH-2  
 Jul14 16:29 KIII-3, KGBT-4, KRGV-5, KRIS-6  
 Jul14 16:52 XEs dominating chs. 2-6 again  
 Jul14 17:06 KOCT-6, KENW-3, KMID-2, XEJ-5  
 Jul14 18:03 EB8CME Canary Is. just wrkd on 50.180 SSB.  
 Jul14 18:33 Boston-Hartford area on chs. 2-6 w/ant pointed that way  
 Jul14 19:29 WCAX-3, WABI-5, WLBZ-2

Jul14 19:43 K6GXO(cw) .107 we gave each other S9s .He's at least 1541 mi . I think it was single-hop w/ a tropo component  
 Jul14 20:00 yipe - i'm seeing a CBC on ch. 6 w/ant pointed towards W6  
 Jul14 20:08 french Canadians to ene past ch. 6  
 Jul14 20:22 looking at ch. 7 for CCI to ene  
 Jul14 20:23 KA9CFD EN40 is wrkg Es to W1/VE2-3 on 2m  
 Jul14 21:02 KIDK-3 Idaho Falls,. ID  
 Jul14 21:09 that muf never made it to ch. 7. not a hint.  
 Jul15 13:45 XEFB-2 Monterrey  
 Jul15 13:59 KCWX-2  
 Jul15 14:04 muf ch. 6 to XE  
 Jul15 14:26 WUND-2 NC  
 EH8BPX on 50.150 SSB. Big signal.  
 Jul15 15:18 KHMT-4 Hardin, MT  
 Jul15 15:40 Lethbridge, AB CKAL-TV-1 "City-tv"  
 Jul15 15:42 KFBB-5 Great falls, MT has been steady as a rock for the past 30 mins until just now  
 Jul15 16:31 kacv-2 amarillo w/ ant pointed towards Montana  
 Jul15 16:51 KBTX-3 Bryan, TX  
 Jul15 17:20 **XHPNG-6** Piedras Negras, CL nice text ID upper r and local annct. A new one!  
 Jul15 17:47 i decided to give CT1HZE a break and wrk him ;-)  
 Jul15 18:00 WOAI-4 like a local  
 Jul15 18:41 KWGN-2 Denver  
 Jul15 19:02 KREX-5 Grand Junction, CO  
 Jul15 23:56 VP9 is coming in and Frank says i should try for 89.1. His ant is broken :-(  
 Jul16 00:01 mentions of Hamilton on 89.1 it can't be that easy..hmmm  
 Jul16 00:02 tape recorder not running so i blew that  
 Jul16 00:18 89.1 "NHPR" in NH  
 Jul16 00:35 Chs. 2-6 still filled 2-3 deep with Canadians & ND  
 Jul16 01:22 de K1MOD EN40 IL - getting Twin Cities LPTV on ch. 67 here. Maybe we will get some of this.  
 Jul16 02:19 **KPXM-DT-40** St. Cloud, MN ~400 mi. New one!  
 Jul16 04:19 **KFXB-DT-43** Dubuque, IA DTV #274  
 Jul16 04:30 **WFRV-DT-39** Green Bay, WI - a new one but logged previously on ch. 56.  
 Jul16 04:59 **WVCY-DT-22** Milwaukee new one

I can count on one hand the number of times DTV snow has been seen this season. It seems that when everything goes DTV, even with KCWX and KNAZ staying on 2, Es DX here in Macomb won't change that much. It will basically be the same Mexicans and Cubans on chs. 2-6 that we get right now. I'm not complaining because I find them to be the most interesting stations to watch because of the programming and because some stations are off frequency or have distinct sounding audio, but trying to get IDs from XEs is next to impossible anymore.

I'm paying more attention to local ads rather than looking for rare text IDs which might flash on the screen in ultra-tiny text for 5 seconds.

I want to install an FM filter in the IC R7100 for Mexican audio offsets. See the posts above starting at Jul13 19:26. Does anyone know what bandwidth filter I should use? Except for a few stations, Mexican audio offsets are impossible to determine on the R7100 with its stock filters. Does anyone know what bandwidth filter I should use? The Brand? Who installs them on R7100s?

Thanks and 73,  
Jeff

A pretty good July for skip. The most I have seen in a short period of time for years. My first DTV skip was recorded with KVBC-DT 2 from Las Vegas. I'm sure I had it once before but it never decoded. It did this time and I was able to record a few of the video bursts and the PSIP information: #1 KVBC-DT and #2 KVBCWX. Also some high band skip on channels 7 and 8 but no IDs during a very intense opening on the same day. KMBC-DT reduced the signal on channel 7 and KSPS-8 from Wichita made identification too difficult. First high band skip since I came to Topeka in 1972. A lot of stations from Mexico, but no Cuban or Canadian stations.

# SOUTHERN

 1134 XHQI 102.1 NL Monterrey, classical mx, talk in SS 1075/1730

CKSB-1 92.9 was a big surprise for me on June 8; thanks to Bruce Elving for help on the ID for the station. Another surprise came the next day, with XEUN 96.1 being my first FM from Mexico City. XHRYS 90.1 made it in over XHUA with local ads mentioning Reynosa and Matamoros; Colorado made it through later on; it seems the "Jack" phenomenon has made it to western Colorado. I finally pulled something through the WIL 92.3 digital sidebands with a station identifying as "Willie" with country music. A check of the Radio Locator Web site showed KWLI 92.5 Broomfield, CO with this format; I last noted this as KDJM with Rhythmic Oldies. The opening of June 10 allowed me to add another Florida FM with WKEZ 96.9 from the Florida Keys; not many stations in this part of the country have the Adult Standards format. I pulled in yet another Savannah station in WZAT 102.1; I last heard this in 1990 via trop from Woodstock, GA. Early in the evening, I pulled in a bunch of new stations from New Brunswick, Ontario and Quebec. The highlight of the evening was KINK 101.9 via double-hop E-skip. I also pulled in KENZ 101.9 for another Utah FM. A trop opening wrapped up the month of June, adding KMEM 100.5 (a clear signal in Stereo through the digital sidebands of KATZ 100.3) and WRMJ 102.3 (clean separation from KEZK 102.5); both carrying Cardinals baseball. WRMJ was carrying the same regional spots as WSMI 106.1 and KTRS (AM). There were some fireworks on the Fourth, with E-skip into Idaho, Texas and the Rio Grande Valley. The opening of July 6 brought in several new Texas stations, including KGBT 98.5; I've heard the AM sister station on 1530 on several occasions in the past. XHSRO 92.5 surprisingly made it through WIL's digital sidebands...I have gotten on at least one side of my low-def digital locals except for 90.7 and 101.1. I had a weak signal on 162.400 MHz...but couldn't pull out enough for an ID. If only we had someone

keeping up with the NOAA Weather Radio DX and happenings! 886 stations are in the logbook as of July 6, 2006. 73 and good DX.

**From the Editor**

Some good stuff this month from the southern  
 folks! Looks like most of the Es affected the north,  
 tho, so I'm sure Keith's column will be huge. Get  
 those reports in and let's make September's  
 column a big one!

This has been, as I write this on 7/2, one of the best periods of repeated Es I've experienced, topped by some serious distances. Of my former top 10 longest, only 5 remain in that group. I only wish I'd been able to take better advantage of some of the openings where I was in the car instead ( those are

included in here - not separately indicated ). But within the space of one weekend, the season went from 'mediocre to very good!

## Jerry Bond, Rochester, NY DXing in a 1992 Chevy Van, all times EDT

## 6 Meter/2 Meter Amateur DX

50 Mhz  
The *Magic* Band

Peter Baskind, N4LI  
3225 Forest Hill-Irene Rd  
Germantown, TN 38138  
N4LI@ARRL.net

---

As we used to say in radio... the hits just keep on comin'!" The past month, or so, has been pretty good in the eastern two-thirds of the country on the VHF bands.

Field Day, the amateur radio event in which guys like me set up portable stations, swelter in the heat, get dehydrated, cook out, and try to make contacts with compromised antennas, has come and gone. This year, conditions – at least on 6 meter sporadic-E – were pretty good. While I was not at the park demonstrating the hobby to a small group of Cub Scouts, I was operating my home station off DC power, and found propagation, especially to the East Coast, to be quite good. I have no doubt that stations that took the time to work The Magic Band found a treasure trove of points that those who did not play 6 meters did without.

Over the past month, East Coasters have also been enjoying some very nice trans-Atlantic opportunities. July 12th seems to have been the peak of roughly a week of exceptional openings across The Pond, with signals running almost all day. Here in Memphis, I did manage another contact with the Canary Islands, but found it difficult to get through the wall of East Coasters on the few Europeans heard.

As the Summer Season reached its presumed peak in late June and early July, openings across North America were so numerous that it was simply impossible to work it all. Again, for me to list my contacts would be too long to write, and far too boring to read, so I will just hit the high points. I did manage a couple of new countries worked with the British Virgin Islands and Guatemala. Sadly, the expedition to Haiti escaped me, but, Jeff, K1MOD in Illinois, was able to squeeze out a quick contact with that very rare 6m country. Otherwise, I did sneak in a nice handful of new grids. Perhaps the most interesting new grid came on July 4<sup>th</sup>. During a very intense, short-haul sporadic-E opening, I had a brief contact with KU4WD/EM76 in Middle Tennessee, a scant 260 miles away! Heck, had things continued, I might have had a shot at Doug, W9WI, near Nashville! In fact, EM66, Doug's grid, is that last one I need to complete my home state on 50 MHz. A similar opening on the 7<sup>th</sup>, brought in EM25 (just 290 miles, though not a new grid) and KT5RR/EM26 at just over 300 miles. With a few more openings like these those few white spaces left on my grid map in the 200-400 mile-range will finally fill up! Other openings brought in new grids, but nothing particularly novel. I did, however, have a few strong openings that allowed me to play QRP (operating at power levels  $\leq$  5 watts). With that nightlight-type power, I made some fun double-hop contacts into California, Idaho (a new state 6m QRP), Puerto Rico, and Montserrat, as well as a new single-hop grid in Mexico, to name a few.

On the tropo side, conditions in the Northern Midwest were poppin' recently just in time for the CQWW VHF Contest. The opening even lingered a bit after for a lucky few. As much as I was hoping, the opening just wouldn't stretch this far south. The best tropo I worked was the morning of the 19<sup>th</sup>, with a contact into Southern Wisconsin.

Let's hope the last few weeks of the Season still hold a few surprises. The slow, boring days of Fall are swiftly approaching.

'Till next month...

---

17 June '06

SMIRK contest; worked 69 stations in the Midwest, including:

0129 VE3EBM EN94 0130 VE3FGU FN04

What followed in the daytime local was a weak morning opening to Europe. Heard Greece, Spain, and France. Worked F6GEX/IN78 @ 1333.

18 June '06

0105 N7KA DM65 0239 K5AOK DM52  
0145 N0KM DM67 1132 9H1BT JM75  
0155 KB2PSP DM79 Country # 88  
0202 K7VNU DM59

As the contest continued, worked 42 stations, including W5TFZ/EL19 @ 2134.

22 June '06

Opening to Midwest and SW. Worked XE2WWW/EL06 @ 0039. [I heard XE2WWW work W1OJ, though I could not hear Bill. 'WWW had quite a pile that day. -ed.]

24 June '06 Field Day! A minor opening to the Midwest, followed by much the same the following day.

---

**Quentin Davis, WA9WME, 1905 Blackistonmill Rd., Clarksville, IN 47129**  
**EM78**

---

4 July '06

Worked K3FM in EM50/MS @ 1918 [my home grid! -ed.]. Also K4JBV/EM87 @ 1631 the following day.

Had good luck in the VHF contest... but working EU and JA? Wow. Did manage to work VP9GE in Bermuda.

August 2006

This month we welcome another first-time contributor, Jeff Rostron of Springfield, MA. Jeff just started DXing last year and has already outdone my longest Es catch with reception of XHY-2 at 1767 miles, and also has his first DTV Es catch with WTWC-2.

Equipment: VHF: Winegard PR-5030. UHF: Winegard PR-9032. CM Spartan 3 combo preamp, Changhong analog TV, LG LST-3510A DTV.
