

The VHF-UHF Newsletter

The Worldwide TV-FM DX Association - P.O. Box 501 Somersville, CT 06072

Think of it as the VUD Lite - No fluff, No frills, Just Data

NEW MEMBERS

May was pretty good to us. We welcome Loyd van Horn, Larry van Horn, Mike Jeziorski, William Hein and Stephanie Battaglino. So far we've added 15 new members to the club. Welcome to all of you, and welcome back to Stephanie and Mr. Hein. Mike, by the way, is our first member with an address in Mexico.

ES? REALLY?

April usually is good for at least one Es opening somewhere. That didn't happen. May should be good for a couple of good openings toward the end of the month. So far those haven't materialized either. Is May also turning out to be a dud for skip? You'd never know it by looking at Europe, but here it's a different story.

WEB CHANGES

The WTFDA group on Mewe.com is now being administered by Bill Hepburn. The TV&FM DXing group on Facebook is no longer associated with the WTFDA. It is now a private group administered by WTFDA member Bob Hawkins. The WTFDA has, in effect, removed itself from Facebook.

Bill Hepburn has completed an updated listing of DTV stations on channels 2-6 in the US and Canada at <https://dxinfocentre.com/tv-nam.htm#USA>.

And WBRA (3) in Roanoke will continue to stay on ch3 for at least two more years so it remains a skip target for DXers.

WTFDA WEBSITE

The new WTFDA website (wtfda.org) is now completed. The website will become the hub for WTFDA activities. The website has a member login at the top of the page on the right side of the main menu.

It's my intention to discontinue publishing the pdf VUD ezine by the end of the year, if not sooner, and have the VUD files/columns available to members who login to the new WTFDA website around the first of the month.

WTFDA members can either read or download the files to their computer.

We are also looking for people who like writing articles or submitting technical information for the website.

YOUR OWN PERSONAL DATABASE

Bill Nollman has provided an excel file of the complete WTFDA FM Database for the personal use of WTFDA members. You can

have this file for *your own personal use* by going to the new WTFDA website at wtfda.org, creating an account, then logging in and downloading it. The file size is about 10mb. While you're there, you can see how we plan to present material to you once we discontinue the pdf VUD. It may appear a little different but the material is there

Here is a short note from Bill regarding the Excel spreadsheet:

The presentation style is the "DXFM format" originally published by Girard Westerberg. You must enter your co-ordinates on every tab that you wish to use.

USA All = USA Full Power + USA Low Power.

WTFDA DB All = All 6 Tabs combined

I hope others get as much use from this spreadsheet as I do every year!

-Bill Nollman, Farmington, CT USA

BAHAMAS FM

The following Bahamian stations have been added to the WTFDA FM Database by Jim Thomas.

ZOLP-FM 88.5 OLIVE CS BAH Religious PRAISE FM
ZDCS-FM 89.0 DEADMAN'S CAY LI BAH Religious
SURE WORD MINISTRIES
ZNIL-FM 90.1 NASSAU NP BAH Community
INFOLIGHT 90.1 (College of the Bahamas)
ZNIL-FM-1 // 90.1 FREEPORT FP BAH Community
INFOLIGHT 90.1 (College of the Bahamas)
ZNSP-FM 90.7 NASSAU NP BAH Religious SPIRIT FM
ZMA-FM-1 //91.1 93.5 COOPERS TOWN HT BAH Gospel
Music ABACO 93.5
ZEKV-FM 95.9 GREENCASTLE EL BAH Religious
KINGDOM VIBES 95.9
ZATT-FM 99.1 ANDROS TOWN NS BAH Tropical
THRILLER 99.1
ZFDR-FM 102.7 FREEPORT FP BAH R&B DA RIDDIM

Jim reports that these stations are all low power (100watts), so if you should hear one of them this summer, consider it a great catch!

A note about the WTFDA Website Login Process

The website login process is mostly automated by the website software. When you register, you receive an email that your registration has been received and held for approval. Approval is a manual process done by the website staff and may take some time. When a registrant is approved, he receives an email telling him that and prompting him to log into the site.

Approval is necessary to keep non-members and undesirables from trying to enter the site. Please do not attempt to re-register or change passwords during this time.

That is all for this month.

FM Changes for June 2023

Data supplied by the FCC although some data obtained from internet sources and individuals.

This table contains facilities data plus format and/or slogan changes.

AB	VF2585	93.5	Maskwacis	New station launched with Religion
